

The Art of Setting Stones

& Other Writings from
the Japanese Garden

A New Book
by Marc Peter Keane
www.mpkeane.com

Essays for the philosophical
gardener (or the gardening
philosopher) that reveal the beauty
and meaning of traditional Japanese
gardens.

Stone Bridge Press
www.stonebridge.com

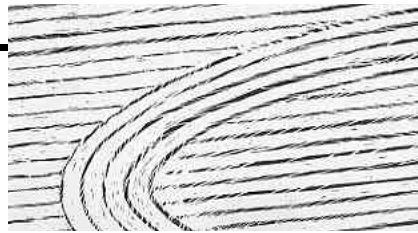

Currents

a look at the nature of Time,
its revelation in the garden and in
our own lives

Boundaries

an examination of
the relationship of
human culture to nature

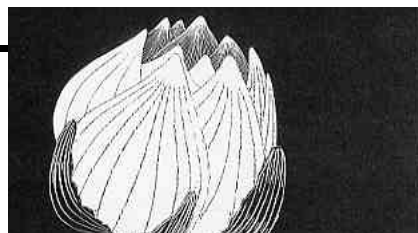

Closing the Circle

a reflection on the tenuousness of
life and how the garden
offers sanctuary

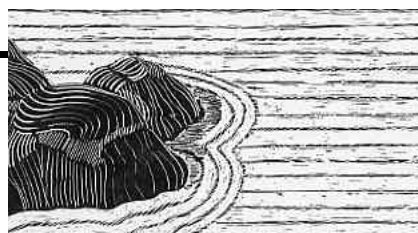

Trees

the tree as a metaphor
for harmonic
environmental design

Layers

an inquiry into the
various layers of which
our lives are comprised

Balance

imbalance as the source of energy
in lightning, economics,
and stone gardens

Art of Setting Stones

awe and respect for the natural
world and the strength
of the human community

Wintergreen

looking beyond surface reality to
assess the true nature
of our world
